WE DON'T SELL PRODUCTS;
**WE SOLVE HUGE
SOCIAL PROBLEMS**
AND SERVE THE NEEDIEST
MEMBERS OF OUR SOCIETY.

WHO WE ARE

AS A NONPROFIT

The nonprofit sector represents 10 percent of the American workforce and provides 11.4 million jobs in the United States. Each year, donor contributions to charities and advocacy organizations drive billions of dollars into our communities to address critical challenges.

We feed the hungry people, shelter homeless families, rescue lost souls, stand up for our veterans, advocate for vulnerable children, search for cures, protect the threatened animals, and help piece together communities after disasters.

But today's nonprofits are confronting an onslaught of challenges: ballooning costs, high staff turnover, punishing tax law changes, and an increasingly restrictive data privacy and regulatory environment.

The Nonprofit Alliance was built to help nonprofits succeed in an ever more complicated fundraising and regulatory landscape. Just as the Chamber of Commerce is a powerful voice for the business sector, we believe the nonprofit sector needs an equally powerful voice. The Nonprofit Alliance was formed to be that voice.

Our sector needs a seat at the table. We need **YOU** at the table. **It's time you joined The Nonprofit Alliance.**

WHY WE NEED **THE NONPROFIT ALLIANCE**

Our sector is very good at tactics. We have conferences, write white papers and constantly perfect our strategies to improve results. But many of the challenges facing nonprofits today cannot be solved with better tactics.

IN 2018 THE NONPROFIT ALLIANCE

was created in response to growing urgency for an authoritative voice to promote, protect, and strengthen the philanthropic sector. We are convening nonprofits to speak with one voice and build the resources and influence needed to meaningfully change the world.

“ WHEN IT COMES TO SPEAKING
UP FOR NONPROFITS IN
CONGRESS AND STATE
LEGISLATURES, OTHER GROUPS
GIVE LIP SERVICE BUT NEVER
PUT BOOTS ON THE GROUND
TO PROTECT US. **NOW WE
HAVE A CHAMPION** — AND
IT’S WORTH EVERY PENNY OF
OUR DUES.”

THE URGENCY OF NOW

The Nonprofit Alliance has convened leaders from nonprofit organizations and their for-profit partners to promote and protect the social impact sector. We are fighting for you in Congress, in the state legislatures, and in the court of public opinion.

Too often when important debates get underway – like how to responsibly protect personal data with reasonable legislation -- there has been an empty chair in the room. The voice of nonprofits was missing. Now, thanks to The Nonprofit Alliance, that is changing.

You belong in The Nonprofit Alliance because we all do better when we work together.

YOU ARE IN GOOD COMPANY

Some of the most prestigious organizations in the country are part of this movement, including AARP Foundation, American Heart Association, Alzheimer's Association, Doctors Without Borders, Food for the Poor, The Nature Conservancy, Special Olympics, St. Labre Indian School and dozens more.

Why? Because they recognize that we have more power when we work together. Our goal is to build the biggest, most comprehensive nationwide network of nonprofits — fighting together for the future of our sector and the millions of people we serve.

WHAT'S AT STAKE?

Our sector needs a seat at the table. We need to ensure our leaders understand our work and consider our concerns when enacting laws and regulations. When you join The Nonprofit Alliance, you have a voice. You have somebody fighting for you on these and other critical matters:

- **Strong charitable giving incentives in our tax code.** The Tax Reform Act of 2017 eliminated the charitable deduction for the vast majority of taxpayers. The Nonprofit Alliance is backing new legislation that encourages all people — regardless of their income level — to support charitable causes.
- **Consumer privacy protection that preserves your ability to fundraise.** On January 1, 2020, your ability to communicate with potential donors in our country's largest state changed — due to the

California Consumer Protection Act (CCPA). While the law doesn't directly target nonprofits, CCPA impacts most nonprofits' handling of consumer data, donor information, website user identifiers, and other types of personal information. The Nonprofit Alliance has professional lobbyists on the ground making YOUR case to state and federal legislators.

- **Advocate on state and federal legislation.** The Nonprofit Alliance is actively monitoring legislation moving in state legislatures and Congress, including bills related to valuation of Gifts in Kind, data privacy and data registration, UBIT, online fundraising, donor disclosure requirements, and more. With a robust team of analysts, lawyers and lobbyists on our team, we are your voice on the issues that matter to your nonprofit.
